

Digital Literacy – Sample Questions

This is a sample of the questions that are on the Digital Literacy test.

Sample Question 1

Look at the social media post below. What part of the post could be considered a cybersecurity risk?

- There is a new driver out on the roads.
- The car can be tracked based on the picture.
- Future employers might think it's unprofessional.
- The girl's name, address, and birthdate are visible.

Sample Question 2

You're on the phone with technical support because you're having an issue with your computer. The technician asks you what operating system your device is running. How do you find that information?

- on the sticker on the bottom of the computer
- in the computer's settings under "About"
- on the computer manufacturer's website
- in the notification window under "Computer Info"
