#### a. Click Save

a.

6. Change the Installation Policy for the extension to "Force Install"

;	Force install + pin to browser toolbar	Î	ſ	×
RS	Force install			- 1
	Allow install			- 1
	Block			- 1
•	Incognito mode Extension is mandatory for Incognito Inherited from Google default			
	Chrome Web Store options Include in Chrome Web Store Recommended Inherited from Google default			-

- b. Click Save on the top right side of the screen.
- 7. Verify that the lockdown browser was successfully installed on the Chromebooks using the **Manage Extensions** feature in Chrome.

Google's article for automatically installing apps and extensions can be found here: <u>https://support.google.com/chrome/a/answer/6306504?hl=en</u>

## Installing the WIN Learning Chromebook extension on non-Managed Chromebooks

The following instructions describe how to install the WIN Learning LockDown Browser on a Chromebook that is not managed.

1. Click the link below and select Add to Chrome:

https://chromewebstore.google.com/detail/win-learning-lockdownbro/hlefggefepngclaemmldobjidbaeocck

# **The Student Experience**

Students will login to their Chromebook normally, open the Chrome browser, and navigate to <u>www.wincrsystem.com</u>.

After logging in at <u>www.wincrsystem.com</u> the student will navigate to the landing page for their assessment and click the appropriate button to launch the assessment. When the student opens the assessment they will see a screen indicating that the LockDown Browser is opening

And finally, a page with a button to start their assessment.
